

IPS Team Leader Training

This new IPS Team Leader Training is being delivered virtually across 4 days using a mixture of presentation, group work, digital breakout rooms, polls, coursework, action learning sets, self-directed learning and individual learning logs.

The training is commissioned by Health Education England and developed in collaboration with Centre for Mental Health, Social Finance and IPS Grow.

Aimed primarily at new Team Leaders, this course will cover the key aspects of the role and how to create and sustain a high quality IPS service.

Eligibility: You will need to be an IPS Team Leader in an NHS Trust delivering an IPS Service for people in secondary Mental Health services. This course is open to both NHS staff and Third Sector providers.

As this course is commissioned by HEE, there are no costs to attend but you must be able to commit to all days of the training plus the two action learning sets.

The training will cover:

- The leadership role of employment supervisor/ team leader.
- Specialist skills development for employment specialists and the wider team.
- Measuring and improving outcomes for clients.
- Managing culture, reducing stigma, and addressing bias.
- Coaching, supervision and support for employment specialists and the wider team, including peer supervision.
- Building personal relationships with clients and colleagues.
- Multi-disciplinary team working.
- Dealing with challenges and problem solving in IPS.
- Working across teams, services, and organisations.
- Understanding the IPS client base and assessing/managing risks.
- Evaluating impact of the IPS service, governance, planning and development.
- Ensuring client safety.
- Research, evaluation, and development of the IPS service.
